This feature is a Standard Image (SI) to Enhanced Image (EI) Upgrade License for the DGS-3630-28TC Managed Switch. Upgrading a switch with this software adds additional features, including:

- OSPFv2
- OSPFv3
- BGPv4/v6
- VRF-Lite
- IGMP/MLD
- PIM-DM/SM/SSMv4
- PIM-SMv6/DVMRPv3

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

This license works only with DGS-3630-28TC and cannot be activated on any other model. Please make sure you are buying the correct license for your model. Once received, there are no returns or refunds on license keys. For RMA exchanges on products with activated licenses, please contact D-Link Support directly at support.dlink.com. Do not RMA the product through the Distributor.
