ZOWIE EC3-CW mouse Gaming Right-hand RF Wireless Optical 3200 DPI

Model: 9H.N4ABE.A2E

Manufacturer: ZOWIE

EAN: 4718755089107

Product Code: 1219122

R4,125

EC's trademark shape is a very widely used option for players who prefer asymmetrical ergo design.

The top shell provides a natural curve for your hand with a relaxed support to your palm and fingers, providing more stability when moving horizontally.

Curvature on the left side for thumb placement with ease.

Facilitate the stability when lifting or moving the mouse.

The smooth and rounded design on the right frontend helps to place your 4th and little finger with close contact effortlessly.

EC's classic shape has not-too-much palm contact and can accommodates different grip styles with comfortable posture. Reduce the fatigue of flexor carpi ulnaris muscle (FCU) when doing fast clicking.

Wireless design with enhanced receiver allows players stable high-quality performance at a competitive scene at home and in an arena. The combination of the standalone receiver and the enhanced antenna at the front tip of the mouse is to decrease chances of unexpected transmission interference and avoid performance glitch.
