FORTINET FortiGate-40F 1 Year FortiGuard Data Loss Prevention Service

Model: FC-10-0040F-589-02-12

Manufacturer: FORTINET

Product Code: 1059771

R3,338

The FortiGuard Data Loss Prevention Service enables the identification, monitoring and protection of an organization's data through data breaches, insider threats and data exfiltration. It uses a customizable database of more than 500 predefined data patterns and policies to simplify and expedite DLP deployment and integration into existing environments.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
