ABOUT SAFETY

Give students a safer digital learning environment with LanSchool and Bark.

Student safety is every educator’s top priority. It’s why we’ve partnered with Bark, a classroom safety solution, to offer their powerful monitoring tools at no extra cost to schools. Bark detects signs of digital dangers like cyberbullying, threats of violence, suicidal ideation, and more. Schools that register with LanSchool will also get Image Quarantine, an AI-driven feature that blocks explicit images from student computers, as part of their free offering.
