R2,033

Absolute Control

(IT Admin and Security Admin)

Take full control of your endpoints and defend against cyber threats with a powerful lifeline to protect at-risk devices and data. Define geofences to detect unauthorized device movement. Take action to make the device useless or remotely delete critical data.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
