Stay connected and reduce cable clutter with the ProLite XB2797QSNP. The integrated USB-C dock with 96W power delivery lets you transfer video, audio, data and power through a single cable, keeping your workspace clean and efficient. The RJ45 port ensures a fast, stable wired network connection without additional adapters. With the built-in KVM switch, you can control two computers using a single keyboard and mouse, making it easy to switch between systems and maintain a smooth workflow. The 27” QHD IPS panel delivers high resolution and accurate colour reproduction with wide viewing angles, supporting detailed work such as content creation, spreadsheets or design tasks. The DisplayPort output enables quick setup of a dual-monitor configuration to expand your
