a smart addition to your workspace.

For an added benefit, this keyboard features Targus DefenseGuard™ Antimicrobial Protection*, which creates a cleaner surface and works continuously to protect the keyboard by preventing the growth of micro-organisms. Unlike topically applied sprays, DefenseGuard™ keyboards are treated with an antimicrobial additive that does not wear off and lasts for the life of the product

* Antimicrobial protection is limited to the device itself. This keyboard has been infused with an antimicrobial additive. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA-1

Made from Sustainable Material

This keyboard was designed from the ground up to embody sustainability. Its main materials are up to 85 percent Global Consumer Recycle (GRS)-certified post-consumer recycled plastic.

Power Efficiency

The keyboard comes equipped with an ultra-low-power Bluetooth chipset, which is three-to-four-times more power efficient than competitive chipsets in today’s keyboards.

DefenseGuard™ Antimicrobial Protection

Infused with antimicrobial additives, you can rest assured your keyboard is fully protected. Unlike topically applied sprays, DefenseGuard™ offers protection to help prevent the growth of micro-organisms that does not wear or wash off and lasts for the life of the product.
