Fast storage in M.2 2280 format

With the internal M.2 SSD Top from Intenso, you can add fast storage to a compatible computer or laptop. Via SATA III with up to 6 Gbit/s, the SSD achieves up to 550 MB/s for sequential reading and up to 500 MB/s for sequential writing. These figures are based on internal testing; the actual achievable speed depends on the system used. An M.2 slot with SATA support is required for use.
