APC Subscription, EcoStruxure IT SmartConnect, Advanced 5Y Plan, 1 device, remote UPS reboot for power-cycling of IT equipment, full monitoring feature

Model: ERWPLUS1-5Y-DIGI

Manufacturer: APC

Product Code: 289488

R5,483

5-year license for Advanced plan and remote power monitoring on SmartConnect. The license term starts on end-user activation. Remote UPS power monitoring with outlet group reboot facilitates equipment troubleshooting and is useful for bringing unresponsive IT equipment back into operation.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Power-cycle equipment remotely on a named Outlet Group without having to reach out and instruct someone on site to manage your UPS. Includes all features of Standard plan.
