PoE+ Support

15 PoE+ ports provide a total of 180W of power so you can power and connect your devices with a single wire

Advanced PoE Controls

Manage PoE prioritization, PoE power limit per port, PoE scheduling and more for simple control over all PoE-powered devices

Non-Blocking Switching

10Gbps (10/100/1000 Mbps) line rate fabric ensures congestion-free connectivity to your devices

Fanless Design
Silent operation makes this switch perfect for noise-sensitive environments

Versatile Mounting Options

Install your switch on your desktop, or mount it to your wall or rack with the hardware provided in the box
