Today’s professionals often work in noisy environments, from open offices to home workspaces, making it difficult to stay focused and communicate clearly.

The C3550 EQ Bluetooth® Over-Ear Headset addresses these challenges with hybrid Active Noise-Cancellation (ANC) to reduce ambient distractions, while still allowing critical ambient sounds such as fire alarms to be heard for health and safety awareness. An Environmental Noise-Cancelling (ENC) microphone helps isolate your voice from background noise for clear, consistent call quality.

Multi-device Bluetooth® connectivity and intuitive onboard controls streamline your workflow, while the cushioned over-ear design delivers lasting comfort. With all-day battery life and convenient USB-C® charging, the C3550 EQ keeps you productive and focused.
