Visionary. Versatile. Timeless.

The ProArt GeForce RTX™ 5070 Ti combines a compact 2.5-slot design with potent cooling – three Axial-tech fans, a vapor chamber, and a phase-change GPU thermal pad – to deliver GeForce RTX 50 Series performance to both full-scale towers and space-saving SFF builds. A USB Type-C® port enhances versatility for content creation workflows, while a wood-patterned laminate trim and low-key Aura-lit logo help deliver a refined aesthetic.
