

1TB Western Digital Purple AV-25 SATA 2.5 5400RPM Surveillance Hard Drive HDD

Model: WD10JUCT

Manufacturer: WESTERN DIGITAL

Product Code: 8075

R1,194 ~~R1,627~~

- Key Features: 24x7 reliability These drives are designed to last in high temperature always-on streaming digital audio/video environments such as PVR, DVR, and IPTV systems. Advanced Format technology Leading edge technology delivers improved video quality and AV performance through enhanced error correction capability. SilkStream Optimized for smooth, continuous digital video playback of up to 12 simultaneous HD streams. SilkStream is compatible with the ATA streaming command set allowing CE customers to use standard streaming management and error recovery options. Ultra-cool operation A cool drive is a more reliable drive. WD continues to develop new and innovative ways to keep drives cool while they operate. Low power consumption These drives draw less than 2 Watts while operating, and draw a mere 4.75 Watts during spin up. Preemptive Wear Leveling (PWL) The drive arm frequently sweeps across the disk to reduce uneven wear on the drive surface, an occurance
