Seamless Viewing: 100Hz Smooth Motion

100Hz refresh rate reacts more quickly to changes, resulting in a clearer and smoother user experience with eye comfort for webpage reading, video streaming, etc.

Coding

Color Modes for Multitasking

Coding Mode is designed to make every color stand out for easy readability with optimized contrast and saturation while using dark mode.

Reading

Color Modes for Multitasking

ePaper Mode, the simulated e-book display, balances the text and background colors to make long reading sessions easier on the eyes.

Lasting Well-Being on Your Eyes

During long usage from day to night, the Brightness Intelligence sensor detects light changes in your viewing environment and actively adjusts the screen brightness for a comfortable viewing experience. B.I. Gen2 allows for a higher degree of adjustability with customizable screen brightness to adjust to your preferences while caring for your eyes.

Brightness Intelligence Technology

The Brightness Intelligence Technology (B.I.Tech.) detects content intensity to avoid overexposure of bright scenes while enhancing dark areas to maintain clear visibility. The display performance is ideal for work, protecting your vision with superb imagery quality.

Low Blue Light Plus Technology

This technology maintains vivid colors while filtering out shorter, higher energy blue-violet radiation that is harmful to the eyes.

Flicker-Free Technology

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The exclusive BenQ Flicker-Free Technology eliminates flickering at all brightness levels to reduce eye strain, fatigue, and headaches.

Color Weakness Mode

The red and green filters on the monitor help individuals with color deficiency distinguish colors more easily.

ePaper Mode

The simulated e-book effect with clear black and white reading layout provides a better reading experience.

TÜV Rheinland Certified

Global safety authority, TÜV Rheinland, certified the BL2790's Flicker-Free and Low Blue Light Technology as truly friendly and safe for your eyes. Eyesafe 2.0 certification ensures that the display reduces blue light while maintaining vivid colors.

Green Certification Assurance

BenQ BL2790 is certified Energy Star, EPEAT, and TCO Certified to facilitate environment-friendly purchasing decisions for businesses, institutions, and government.
