Whether you’re streaming, gaming online, or working from home, the AX9U delivers the speed and reliability you need.
With dual-band connectivity, it supports both 2.4GHz and 5GHz Wi-Fi bands, offering flexible connectivity option, ensuring optimal performance for all your internet activities.

Support Bluetooth 5.3

Experience enhanced wireless connections with Bluetooth 5.3 support. Enjoy faster pairing, improved range, and enhanced reliability, making it effortless to connect your Bluetooth-enabled devices, whether it’s game controllers, headphones, keyboards, or more!

Enhanced Network Security

With the latest WPA3™ encryption, the AX9U provides stronger personal data protection and safer connections, giving you peace of mind while enjoying your online activities.

Boost Your Network Efficiency with OFDMA

With OFDMA technology, the AX9U enhances your Wi-Fi network by eliminating congestion and boosting efficiency. It delivers faster speeds, reduced latency, and more reliable Wi-Fi for all your needs.

Plug and Play with Miniature Size

With Plug and Play simplicity and pre-loaded Windows OS drivers, the AX9U makes setup a breeze. Its miniature design fits effortlessly anywhere, while backward compatibility works seamlessly with any Wi-Fi router. Stay connected wherever you go.
