WASD your way to victory with this super cool keyboard. Designed with both style and substance in mind, it comes with awesome multicolour LED lighting, 25 key anti-ghosting, and is even spill-resistant to protect you from any messes in the heat of the moment.

Ahead of the game

The Zirox headset helps you celebrate your wins in full sound and comfort. Powerful 50mm drivers transport you right to the centre of the action, whilst its comfortable lightweight design of only 244 grams is so light that you'll barely even notice you're wearing it.

The cool click

However you game, the Felox goes with your flow. With adjustable speed between 200-6400 DPI, multicolour LED lighting, and programmable software to adapt the speed, lighting effects and macros; you're ready to create your ultimate gaming mouse.

Smooth moves

Nothing should stand in your way of that next win, which is why this mousepad's optimised surface texture has been designed to provide optimal accuracy and smooth control.
