ILLUMINATED GAMING KEYBOARD

GXT 836 EVOCX

Illuminated gaming keyboard with rainbow wave RGB and soft-touch keys

The keys to victory

Whether you’re a light tapper or a keyboard masher, the Evocx makes sure no press goes amiss. With 25 key anti-ghosting, it registers up to 25 key presses simultaneously – that’s a lot of keys!

Made from 78% recycled plastics, the Evocx joins our range of greener gaming products, meaning you can game in a way that’s good for you and good for the planet too.

Light up the night (and day)

Your gaming setup deserves to be just as cool as you, which is why this keyboard comes with extra-cool RGB rainbow wave illumination. With modes including spectrum, wave racing, cycle breathing, and 6 customisable colour zones, it’s easy to find a style that best suits you!

Soft sounds

We get that you don’t always want a loud keyboard, so the Evocx’s soft-touch keys offer cushioned and reduced sound for you to game distraction and loud-tap free.

Master your media

Play, pause, adjust the volume and more with 12 dedicated media keys that allow you to easily control what you’re doing at the touch of a button.

One key to rule them all

There’s nothing more frustrating than accidentally pressing the Start key right in the middle of a game. With the Evocx’s game key, quickly disable this function so you can game worry-free!

Just the way you like it

Designed with you in mind, this keyboard’s 3-step height adjustable anti-slip rubber feet mean it stays right where you want it to, and at the perfect level for you too.
