EAN: 4034303037957

Product Code: 949618

R845

Maximum flexibility thanks to USB-C and USB-A in one stick

The Intenso Flex Line USB flash drive was developed for maximum compatibility in today’s digital everyday life. By combining USB-C and USB-A in a single stick, you can use it flexibly with almost all modern and older devices – without any adapter. The Flex Line USB flash drive enables fast and flexible data transfer between computers and OTG-enabled mobile devices. Ideal for backing up photos, sharing documents, or transferring files on the go – simple and direct.
