Full Speed Ahead

Boasting an up to 1TB M.2 2280 NVMe Gen 4 PCIe SSD and up to 128GB DDR4-3200 MHz memory¹, expect accelerated speeds and performance on nearly everything you do with this machine.

Expandable Configuration

This mid tower comes with an HDD drive bay with a tool-less mounting bracket, a DVD drive, and four PCIe expansion slots including a PCIe x16 slot supporting an NVIDIA® GeForce GPU ¹.

Dependable Security

Get an extra boost to security with Trusted Platform Module (TPM) 2.0. Intrusion Alert notifies users when the chassis is opened, and HDD Password Protection¹ quickly secures your vital information from unknown access from inside or outside your organization.

Amplified Connectivity

Enjoy fast and stable Wi-Fi 6E1 (802.11ax) connectivity. In addition, this mid tower supports up to 4 screens and is equipped with up to 12 USB ports¹, including a USB 3.2 Gen 2x2 Type-C¹ with high-speed data transfer.

Easier Manageability

Intel vPro®¹ allows administrators to deploy patches and upgrades across the entire local network. WakeOnLane further allows IT to remotely wake up all devices via LAN, while One Button Recovery makes it simple to enter Windows repair mode if and when a PC crashes.
