

Philips TAS2000B/00 portable/party speaker 2.1 portable speaker system Black 10 W

Model: TAS2000B

Manufacturer: PHILIPS

EAN: 4895229158832

Product Code: 1015636

R2,695

Get out there with the splash-proof compact speaker that gives you up to 20 hours play time on a single charge. Funky LED lights set the vibe, Bass+ delivers deep bass at any volume and you can connect to other speakers for bigger sound.

Philips Entertainment app. Smart control for your speaker

Our handy companion app lets you select a source, control playback and Bass+, switch between different light modes, check battery life and more. Plus, an in-app PartyLink mode makes it simple to connect to other speakers via Auracast™ for even bigger sound.

GRS-certified recycled plastic

We use post-consumer recycled plastics in this product, and our packaging is plastic-free.

Responsible packaging

Inserts are printed on recycled paper with soy-based ink, and the packaging itself is made from FSC-certified recycled cardboard.

Bold sound with surprisingly deep bass at any volume

This compact portable speaker packs a punch for its size with 20 W max (10 W RMS) of rich sound. Twin passive radiators and our exclusive Bass+ technology keep the bass deep and tight—even if you're listening at lower volumes. There's also a built-in mic, so if a call comes in you can take it hands-free.

Plays long, travels easily and doesn't mind a little rain

With up to 20 hours of play time on a single charge, you can keep the tunes coming all day and into the night. The handy wrist strap makes it easy to carry this speaker, and the IPX5 splash-proof build protects it from raindrops and spills. A 30 minute charge gets you 5 hours of play time, and a full recharge takes around 2.5 hours.

Bluetooth® streaming, multipoint, USB playback

Playlists ready? Bluetooth® 5.4 brings you a steady connection for seamless streaming. Multipoint lets you connect to two Bluetooth® devices at the same time, and you can plug a portable music player or a thumb drive into the USB-A port on the speaker.

TWS and Auracast™ for multi-speaker setups

Want more? You can pair with another TAS2000 speaker for True Wireless Stereo (TWS). Or go bigger and use Auracast™ to broadcast what you're playing out to other compatible speakers: the LC3 codec is supported for better sound, and setup is simple via our companion app.

Beat-synced lightshow. Rainbow LEDs pulse to the music

As the beats flow, colourful RGB LED lights pulse over and around the twin passive radiators. There are five different light modes to choose from. Simply press the light button on the speaker or use our companion app to get started—and let everyone know you came to party.
