The AK-100-PW-24 Keyboard Series is a high quality, high reliable Point of Sale Keyboard. Internal metal plate for key fixation grants long lasting, ESD protection and allows easy replacement of damaged keys. Each key can be programmed with user defined sequences of key codes. A convenient Programming Tool is available. No special driver- software is required. Data can be retained for no less than 100 years without battery. The AK-100 Keyboard provides a true keyboard wedge function with or without the normal keyboard connected to the computer.

- 24 Key POS Keyboard
- Gold Cross Point Contact Technology
- Fully Programmable
- Integrated Keyboard Wedge Function
- 50 million Actuations per Key
