R2,118

World Muted, Immersion Unlocked

Real-time Adaptive Noise Cancellation

Quiet, every single moment.

OPPO Enco Air5s actively detects your wearing status, ear canal shape, and ambient noise in real time. It customises a noise cancellation effect unique to your ears, instantly filtering out the hustle and bustle and leaving only your rhythm in the world.

Smart Scene Noise Cancellation

Indoors or out—always the perfect setting.

No manual switching required. The earbuds automatically identify your environment, toggling seamlessly between high and low noise cancellation. All you have to do is be the most at ease

person in the crowd.

Segment-leading Semi-in-ear Noise Cancellation

Tailored Voice-Cancelling System

For this specific design, the OPPO Enco Air5s features meticulously optimised acoustic short-circuit port dimensions and an exclusive vocal noise cancellation algorithm, comprehensively covering the entire human voice frequency range. It boasts powerful ANC in its price segment for semi-in-ear earbuds, filtering out the surrounding buzz instantly so your music takes centre stage.

Captures your voice with crystal clarity

Triple-mic AI Clear Call

Three microphones precisely capture your voice, while wind noise and street noise are all blocked out, enabling you to talk anywhere, anytime, as clearly as if you were talking face to face.

Comfort Felt, Style Defined

Ergonomic Semi-in-ear Fit Design

Fit to Forget

OPPO Enco Air5s features a unique contour design with curves that naturally follow the shape of your ear canal. From morning runs to evening strolls, they offer comfortable, pressure-free wear, making every second feel effortless.

Your room. Your concert hall.

Hit every note like you're in the front row.

Powerful 12mm Dynamic Drivers

The 12mm large-amplitude, high-dynamic driver, crafted with luxury-grade materials among headphone transducers, ensures clear and airy treble and solid bass. Every musical detail from your favorite artist is flawlessly presented, making you feel like you're right there at a live concert.

Shape your sound.

10-Band Custom EQ

Freely drag and adjust across 10 frequency points, and switch between 3 Sound Master EQ modes at will. Ultimate sound, pure vocals, or thundering bass—just tweak it your way and create your own signature style.

OPPO Alive Audio

Let the music 360° around you.

All-around spatial audio creates an expansive soundstage where music no longer comes only from the left and right, but from every direction, putting you in the middle of your idol's live concert.

Connected. Always.

Step right into the arena

Low-latency Gaming Audio

With millisecond-level ultra-low latency, audio stays perfectly synced to visuals so you never miss that winning shot. Spatial sound rendering for FPS games makes every footstep feel like it's right next to you.

Every language, right in your ear.

AI Translate

Struggling with language in a foreign country? The earbuds paired with your OPPO phone provide real-time AI translation. Step out, make friends, and the world is your chat room.

Signal that never quits

Bluetooth® 6.0

With the latest Bluetooth® 6.0 and Smart Bluetooth connection technology, you never have to worry about music pausing, even in a crowded high-speed train station.

Less friction. More focus.

Dual Connection

Across Systems

Connect to two devices simultaneously, and switch effortlessly without missing a beat.

Your playlist. All week long.

Up to 48 Hours of Playback

With TÜV Rheinland certified durability and a massive 48-hour battery life, a full charge lets you listen to music non-stop for an entire week. From packing your bags to the concert venue, and then back home to savor every moment, OPPO Enco Air5s stays by your side throughout, as your most reliable companion on the journey of following your favorite artists.
