The GoFlex Cinema multimedia drive is part of the GoFlex family of storage products, making it easy to upgrade storage capacity in the future. As your media library grows, simply upgrade the removable drive in the GoFlex Cinema device with a higher capacity GoFlex® Desk drive – no tools required.

Direct Camera Transfer

For added convenience, the GoFlex Cinema multimedia drive includes a side-mounted USB port which can be used to connect additional external drives as well as digital cameras. By connecting a digital camera to the USB port, you can instantly play, on your TV, photos and fi lms stored on the camera or copy the fi les from your camera to your media library on the GoFlex Cinema’s hard drive – no computer required.
