This neat little 8-Port Gigabit Desktop Switch may be small in size but is packed full of outstanding features. Non-blocking architecture provides your network with full-wire speed connections, eliminating bottlenecks. Flow control technology ensures reliable packet transfer and prevents packet loss, whilst auto-negotiation and full/half duplex operation allows seamless integration of 10, 100 and 1000Mbit/sec networks. The Lindy 8-Port Gigabit Desktop Switch is perfect for small offices, workgroups and home use.

This switch was awarded 4 out of 5 Stars when reviewed by PC Advisor magazine.
