EAN: 767035232096

Product Code: 1040061

R17,808

Wi-Fi 6 Wireless AP Router

Allied Telesis TQ6702 GEN2-R combines a high-performance Wi-Fi 6 (802.11ax) access point and a secure VPN router in an innovative LAN and WAN solution. The all-in-one design enables a simplified yet comprehensive network for small businesses or enterprises with multiple locations, such as retail stores, cafes, and more.

For enterprises, the Autonomous Wave Control (AWC) wireless controller, built in to our Vista Manager network management platform, provides full visibility, easy administration, and automatic wireless LAN optimization of all business locations.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
