Model: RGOHEBAMRWL

Manufacturer: R-GO TOOLS

EAN: 8719274491842

Product Code: 1040740

## R1,686

The vertical R-Go HE Basic mouse has a rounded shape that follows the natural position of your hand. This ensures that your hand remains in a relaxed position while using the mouse. The vertical design is intended to encourage the mouse movement recommended by ergonomists, which comes from the forearm. This helps prevent physical complaints such as RSI. The mouse has a special thumb groove and a pinky groove to support all fingers. This wireless mouse can be easily connected via Bluetooth.
