Experience maximum freedom while typing with the R-Go Numpad Break. You can operate this numeric keyboard with your left or right hand and decide yourself where to place it on your desktop. By operating the numpad with the hand that is not using the mouse, both hands remain within shoulder width as you work. The load will be equally divided between both hands. Ideal in combination with the R-Go Compact Break and R-Go Split Break keyboard. The ultra-thin design ensures that your wrists are in a natural, flat position while typing. The special scissor mechanism in
