The iStorage datAshur PRO+C is the world's FIRST encrypted flash drive to achieve the prestigious FIPS 140-3 Level 3 Certification. The device helps you ensure compliance with data regulations such as HIPAA, CCPA, GDPR, etc

Easy to use, PIN protected hardware encrypted USB 3.2 Type-C Flash Drive. (USB Type-C to Type-A adapter included free of charge). Perfect solution to protect your digital assets. Simply enter an 8 to 15-digit PIN to authenticate and use as a normal USB flash drive. When the drive is disconnected, all data is encrypted using AES-XTS 256-bit hardware encryption

Transfer your files in seconds: Lightning fast backwards compatible data transfer speeds. Up to 310/MBs Read & 246MB/s Write

The datAshur PRO+C is the perfect solution for storing your personal or company data. Carry the datAshur PRO+C with you wherever you go. Portable, rugged, dust & water resistant (IP57 certified) Without the PIN, there's no way IN! All data transferred to the drive is encrypted in real time and is protected from unauthorised access even if the device is lost or stolen!

The datAshur PRO+C will work on any device with a USB port, no software is required. Compatible with: MS Windows, macOS, Linux, Chrome, Android, Thin Clients, Zero Clients, Embedded Systems, Citrix, and VMware
