

Seagate STNA2000400 external solid state drive Thunderbolt technology 2 TB USB Type-C Blue

Model: STNA2000400

Manufacturer: LACIE

EAN: 8719706045827

Product Code: 1046701

R55,364

Introducing the LaCie Rugged® SSD Pro5—the ultimate high-performance rugged solid-state drive (SSD) designed for creative professionals, filmmakers, and content creators who need uncompromising speed, reliability, and durability in the field. Equipped with cutting-edge Thunderbolt™ 5 technology, it delivers extraordinary read/write speeds of up to 6,700MB/s and 5,300MB/s, making it ideal for real-time 6K and 8K video editing, VFX rendering, and large media transfers. The LaCie Rugged SSD Pro5 is IP68-rated for resistance against dust, water, and drops, ensuring your data stays safe in the most demanding environments—whether you're on set, in the mountains, or traveling through harsh terrain. Compact, powerful, and purpose-built for professional workflows, it's the storage solution that goes wherever your creativity takes you.
