ProLite XUB3493WQSU is a 34" LED monitor featuring the latest IPS Panel technology considered to be the best all round panel type. It offers accurate and consistent colour reproduction with wide viewing angles and a fast response time. UWQHD (Ultra Wide QHD) resolution offers an ultra wide (21:9) viewable area. The large amount of space and good pixel density offered by the size and resolution of this screen provide great potential on the desktop. Very suitable for those who want to use side-by-side applications, watch a movie shot in widescreen format or enrich their gaming experience. The 150mm height-adjustable stand ensures you can adjust the screen position to your preferences, and the flicker-free panel with blue light reducer function reduces eye fatigue.
