

Allied Telesis AT-x540L- 28XTm-50 Managed L3 1U Grey

Model: AT-X540L-28XTM-50

Manufacturer: ALLIED TELESIS

EAN: 767035231587

Product Code: 1047222

R96,570

Allied Telesis x540L Series 10 Gigabit Layer 3 stackable switches provide a resilient high-speed distribution solution. All ports support up to 10G speed enabling seamless communication for modern applications, and multi-gigabit or fiber connectivity ensures flexible deployment.

Enable resilient distribution switching, with superior performance and simplified management, using Virtual Chassis Stacking (VCStack™)

Enjoy flexible deployment with multi-gigabit speeds of 1/2.5/5/10G, and 1/10G (SFP/SFP+) uplinks to maximize performance on copper x540L models

Support distributed environments with secure long-distance 1/10G (SFP/SFP+) connectivity on fiber x540L models

Reduce costs and automate network and device management with Autonomous Management Framework™ Plus (AMF Plus)
