24-Inch Full HD LCD Monitor

The LA-2403 is a 24-inch Full HD LCD monitor featuring 1920 x 1080 resolution, flicker-free technology and a blue-light filter that can meet eye comfort and daily use requirements. Featuring a 178/178 degrees wide viewing angle, a 20,000,000:1 dynamic contrast ratio and multiple connectivity options —DisplayPort, HDMI, and VGA — this desktop monitor with frameless design brings users visual enjoyment both at the workplace and in the home.

Consistent Image Performance At Every Angle

By adopting wide viewing angle panel, this monitor delivers consistant colors and detailed images with the same image quality whether you are looking at the screen from above, below, the front, or the side.

Bezel Less Design

The 3-sided bezel-less design broadens the screen space. It allows for multiple monitor setups with a reduced bezel gap, which won’t just let you enjoy a nearly seamless viewing experience, but also enhance productivity at work.

Eye Comfort

Eye comfort figures high on the list of strengths that define the LA-Series. The flicker-free backlight and blue light filter of the LA-Series ensure a comfortable viewing experience by reducing eyestrain after long periods of use.

Flexible Connectivity And Multimedia Options

Given its multiple input options including DisplayPort, HDMI and VGA, you can easily connect an LA-Series monitor to your PC, Laptop or high-definition devices to make the LA-Series a competent multimedia platform.

Integrated Dual Speakers

Integrated with dual 1W speakers, the LA-2403 provides sound effects for multimedia content.

Clutter-free Workplace

The cable management design on the stand keep helps you to well organize the multiple signal cables and power cord and keeps the workspaces neat and free of cable clutter.

VESA Wall Mount Compatible

The LA-2403 monitor is compatible with a 75 x 75mm VESA mount standard, making it easy to fit flexible installation in the workplace.
