# Ricoh PA43404-B412 software license/upgrade 1 license(s) Multilingual 4 year(s)

Model: PA43404-B412

Manufacturer: RICOH

EAN: 5032140203329

Product Code: 1047909

## R20,058

The World’s Most Trusted Scanning Software Delivers Leading-edge Capabilities to Any Capture Solution

PaperStream Capture Pro offers advanced automation, with support for any brand or model of TWAIN scanner. PaperStream Capture Pro supports A4 desktop scanning

This powerful, user-friendly capture solution is simple to operate, with an intuitive user interface. It seamlessly connects with all TWAIN scanner brands and easily integrates with all the most popular document management systems, thanks to its range of off-the-shelf connectors.

PaperStream Capture Pro also provides high-speed form recognition and capture with high-accuracy OCR in 5 European languages for printed text, handwritten non-cursive text, and tick-boxes.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Deployment is easy, with minimal set-up and running costs based on a low annual subscription model. Users only pay for what they need, and the software automatically updates with the latest features and functionality.

## Powerful, User-friendly Capture

Advanced Tech - The world’s most trusted and popular scanning software has been enhanced with advanced tech that’s designed to be used with any TWAIN-supporting scanner. Powerful Capture Made Easy -Powerful capture functionality is easy to operate, thanks to its intuitive user-friendly interface and all-in-one post-scan review window. Single touch simplicity - Batch Manager combined with Wizard-based profile management and operation means even complex tasks can be initiated with a single touch. For All Types of Business - PaperStream Capture Pro is ideal for businesses that use desktop scanning. For managing high-volume scanning, like production scanning and file importing, then PaperStream Capture Pro Premium is the right solution. Comprehensive Set of Tools - With a raft of tools including automated separating, sorting, and releasing, quick profile creation and automatic image quality checks, document capture has never been easier.

## Seamless Integration, Upstream and Downstream

Seamless Connectivity - PaperStream Capture Pro’s multi-brand connectivity means all TWAIN-supporting scanners can benefit from this powerful software. Easy Integration - PaperSteam’s off-the-shelf connectors make it easy to integrate with popular document management systems and specialist software. And to develop new connectors there’s a powerful API available. Expert Support - If customised solutions are required, our dedicated Co-Creation team can help with bespoke builds and development. Our Imaging Alliance Programme provides access to tools, sample code, and expert developer-to-developer advice.

## High-productivity Form Capture

High Speed Handwritten and Non-cursive Text Recognition - AI-optimised form recognition means no pre-sorting required. Printed and handwritten non-cursive text and tick boxes can be captured at high speed with high-accuracy OCR in 5 European languages. No Additional Applications Required - PaperStream Capture Pro provides form content as a digital data file, so there’s no need for additional applications. Checks for Great Quality - After Scan Correction and Advanced Image Quality

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. Check increase productivity by allowing quality assurance reviews on screen. Cost Effective - A PC-based form capture solution that is more flexible, cost-effective, and secure than cloud-based alternatives.

## Easy deployment

PC-based Installation - Because PaperStream Capture Pro installs onto PCs, deployment is straightforward. Minimise Set-Up and Running Costs - A new, low annual subscription model means only ever paying for what’s needed. Stay Updated with the Latest Software - With an active subscription, PaperStream Capture Pro and Pro Premium auto-update to provide access to the latest features and functionality. Optimised Data - PaperStream Capture Pro allows you to optimise the data capture process by monitoring usage data and managing workloads. Scan, extract and release activities can be stacked to increase throughput. Fast and Easy Profile Creation - An inbuilt Wizard makes creating and setting up profiles fast and simple.
