Get the expert support and extended coverage your business needs. NETGEAR offers a range of ProSupport services designed to supplement your technical support and warranty entitlements, giving you access to specialized expertise when you need it most.

NETGEAR Safety & Security

Protecting your network is essential, and we are committed to maintaining the security of our products to help keep you safe online. We aim to provide transparency by publishing a list of products nearing their End of Service stage, issuing Security Advisories to address identified vulnerabilities, and offering multiple ways to report potential security concerns.
