Enhance your productivity with the Acer Chromebook Plus Enterprise 714. This powerful Chromebook Plus laptop, with Google AI built in, features an Intel® Core™ Ultra processor, a 14" display up to WQXGA+1, a built-in Gigabit Ethernet port, and is just 16.95mm thin (0.67 inches) and 1.24 kg light (2.73 lbs.).

Exceptional Performance

Powered by Intel® Core™ Ultra 5 or 7 processors, the Acer Chromebook Plus Enterprise 714 delivers exceptional performance for demanding tasks and multitasking. Additionally, the built-in backlit keyboard ensures you can handle any workload with ease and efficiency.

Superior Display Quality

The 14" IPS display with sRGB 100% offers up to WQXGA+1 resolution and 120Hz refresh rate for clear visuals and vibrant colors, making it perfect for presentations, media consumption, and any task that requires high-quality visuals and detailed imagery.

Google AI Built In, with Gemini

ChromeOS has built-in AI features to help your team do its best work, with powerful writing tools to create compelling content, meeting features to always show up as a professional, and more.

Enhanced Wi-Fi Connectivity

With Wi-Fi 7 support, enjoy enhanced speeds for seamless internet connectivity and efficient online collaboration, allowing you to stay connected and productive no matter where you are.

Robust Build Quality

Built tough with MIL-STD-810H certification, this Chromebook is designed to withstand daily wear and tear in commercial environment, ensuring durability and reliability in even the most demanding conditions.

MIL-STD-810H Certified

Durable and long-lasting, this laptop is MIL-STD 810H certified and stands up to all the rigors of business travel.

Designed for Sustainability

Featuring recycled materials, sustainable packaging, energy-efficient design, and EPEAT3 registration, this laptop minimizes waste throughout its lifecycle.

Crystal-Clear Audio and Video

DTS Audio with dual speakers delivers immersive sound, while a triple-mic array and QHD webcam minimize background noise for crystal-clear calls, ensuring you're heard loud and clear every time, enhancing your communication experience.

DTS® Audio

DTS audio enhances business communications with crystal-clear sound and spatial precision—ideal for conferencing, presentations, and enterprise AV solutions.

Triple Microphone Array

A triple microphone array ensures clear communication by eliminating background noise and enhancing the main speaker's voice.

Never had a virus - no need to worry²

Chromebooks have never had a virus.² With built-in protection and the Titan C2 security chip³, breathe easy knowing your security and privacy are covered.

Secure Fingerprint Access

The built-in fingerprint sensor ensures quick and secure access to your Chromebook, providing an extra layer of security and convenience for your sensitive data.

Enhanced Physical Security

The Kensington Nano-type lock slot allows you to physically secure your Chromebook, preventing theft and ensuring your device stays safe in any environment.

Long Battery Life

The 53 watt-hour (Wh) fast charging battery ensures that you stay productive throughout the day without needing frequent recharges, providing you with the freedom to work on the go without worrying about battery life.

Versatile Connectivity Options

Includes USB-C ports (Thunderbolt™ 4), USB-A ports, HDMI port, and a Gigabit Ethernet port for versatile and reliable connectivity options, ensuring you can connect to a wide range of devices and networks.
