

Seagate Momentum 5400 PSD, 80 GB internal hard drive 5400 RPM 8 MB 2.5" Serial ATA

Model: ST9808212AS

Manufacturer: SEAGATE

Product Code: 10503

R368 R546

Momentum 5400 PSD 2.5-inch hybrid drive for Windows Vista laptops

Power efficiency—Laptop battery life is extended by the ability of the Seagate® Momentum® 5400 PSD drive to power off the spin motor and operate out of flash memory.

Faster system response time—Boot quicker and resume from hibernation almost instantly when critical files are kept within the flash.

High durability—Spinning the drive down creates less mechanical movement and increases drive reliability. In addition, the hybrid drive is incredibly robust in mobile environments.

Unleashes Microsoft Windows Vista—Windows Vista ReadyDrive

requires a hybrid drive such as the Seagate Momentus 5400 PSD drive to unlock all its powerful features.

The Momentus 5400 PSD drive is a 2.5-inch drive designed with the Microsoft Vista OS in mind. By designing in a 256-MB flash memory to

act as a large holding tank for frequently accessed data, the Momentus 5400 PSD drive will boot laptop PCs quickly and resume from hibernation

almost instantly. The Momentus 5400 PSD drive and Windows Vista can analyze the laptop usage pattern, pin frequently used files in the flash

and predict your next move. This technology allows the drive to operate out of flash with the disks spun down to conserve power. When the

Momentus 5400 PSD drive operates out of the flash with the spindle motor powered off (hybrid mode), the drive becomes incredibly robust

in highly mobile environments.

Seagate Makes the Best Even Better With a 5-Year Limited Warranty

Seagate offers the industry's leading warranty to demonstrate our commitment to product reliability and our customers' success. Every

Seagate internal hard drive for PCs, notebook computers and entry-level servers is covered by a 5-year limited warranty.
