A bundle of fun

Take your gaming setup up a notch with this awesome bundle. Both the keyboard and mouse have multicolour LED rainbow illumination with multiple modes, allowing you to personalise these two products to best fit your gaming style. The Thado TKL Keyboard takes up 20% less space than a regular gaming keyboard, giving you extra space on your desk for precise mouse movements. You'll also have the Felox Wireless Gaming Mouse, with adjustable speed between 800-4800 DPI to make sure you get the most out of your gaming. A medium-sized mousepad with optimised surface for optimal accuracy and smooth control completes the team, ensuring you'll be racking up those victories in no time at all!
