Riveting ResolutionRiveting Resolution: WXGA (1280x800) native resolution with native 16:10 aspect ratio offers superb image quality with up to 30% more pixels than XGA (1024x768)¹ and high-definition viewing at 720p.

Dazzling ColoursDazzling Colours: Equipped with DLP® and BrilliantColor™ technology, the 1610HD Standard Series Projector will amaze audiences with deep, dazzling colours and sharp image quality.

Big-Picture View

Big-Picture View A maximum diagonal projection screen size of 362" (9.19m) from 32.81 ft (10m) away helps ensure that all your ideas play on a grand stage.

Easy to Manage & Control

From built-in wired networking to flexible setup and maintenance, the Dell 1610HD Standard Series Projector puts control in the hands of presenters and administrators alike.

- **Remote Management:** Using RJ45 connectivity, administrators can remotely control power (on/off), perform maintenance, update firmware and set up e-mail alerts.
- **Flexible Connectivity:** The 1610HD Standard Series Projector offers multiple connectivity options to enhance multimedia presentations, including a HDMI connector, a microphone port and dual VGA-In connections that help enable seamless transitions between presenters.
- **Closed-Captioning:** The 1510X supports Closed Captioning through the S-Video / Composite video port which allows users with hearing disabilities to read the audio portion of select video and TV programs as on-screen text.
- **Versatile Setup:** Desktop and ceiling mount (front and rear projection) options offer enhanced versatility during projector setup.

Thoughtful Design Features

The Dell 1610HD Standard Series Projector offers thoughtful design features and comprehensive support options that make it easy to enjoy a low total cost of ownership.

Power-Saving Design: The EU ErP-compliant 1610HD consumes less than 0.5W of electricity in standby mode.
