Zebra VISIBILITYIQ Foresight Database 1 license(s) 3 year(s)

Model: VIQF-SOTI-LTIER-3Y

Manufacturer: ZEBRA

EAN:

Product Code: 1053190

R6,336

THE NEXT EVOLUTION IN INTELLIGENT DATA-DRIVEN ANALYTICS SOLUTIONS

As enterprise mobile assets become increasingly critical to business operations, they have also grown more complex to manage. Your business can’t afford to lose time or money guessing about where your devices are or if they’re being fully utilized.

Zebra VisibilityIQ™ Foresight is the industry’s next evolution in intelligent data-driven analytics solutions to streamline business operations. Powered by Savanna™, Zebra’s breakthrough data

intelligence platform, VisibilityIQ™ Foresight provides a convenient, one-view solution driven by comprehensive data collection and analytics. Replacing reactive with proactive management, VisibilityIQ Foresight helps you optimize device availability, maximize asset utilization, and increase operational productivity and ROI.

OPTIMIZE DEVICE AVAILABILITY AND UPTIME

VisibilityIQ Foresight optimizes device availability to enhance productivity – so your devices are working when and where you need them. Predictive analytics help you proactively address potential device issues before they impact your business, and uncover opportunities for cost-cutting, right-sizing inventory, load-balancing devices and reducing lost or stolen assets.

LEVERAGE ONE, EASY-TO-MANAGE VIEW

VisibilityIQ Foresight intelligently combines data from unique Zebra data sources such as contracts, repair and case management systems with our own IoT agent and available MDMs. It translates the data into an easy-to-grasp, color-coded, one-view solution illustrating actionable insight and alerts on your fleet of mobile devices, no matter where they’re located across the operation.

GO BEYOND MDM TOOLS TO IMPROVE OPERATIONS

MDM tools are transactional in nature and for IT experts only. VisibilityIQ Foresight is a complete solution designed around intelligent big data analytics. It quickly processes data points from millions of devices every day, and applies machine learning techniques to generate actionable insights with historical trends to run your business more efficiently.
