The 3200 wax/resin ribbon is a special ink formulation that provides outstanding print quality combined with chemical and solvent resistance. By providing smear and scratch resistance on Zebra coated paper and matte synthetic label stocks, this ribbon results in excellent staying power and durability in harsh environments. Ideal for applications where labels are exposed to solvents or chemicals, subject to abrasion or friction, outdoors, applied to chemical drums, or exposed to water, steam, alkali or acid solutions. UL/cUL Certified. Wax/Resin ribbons provide good abrasion and chemical resistance. Ideal for use with top-coated paper and matte synthetic materials, and in applications with moderate to hard exposure to chemicals or abrasion.
