By utilizing green materials like post-consumer recycled (PCR) plastic and sourcing renewable energy for our factory, we ensure the durability of our products and demonstrate a strong commitment to creating a greener world.

Built for Sustainability

The Cubi NUC Series blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. Our commitment extends to incorporating sustainable materials in both our product design and packaging, protecting the earth through our actions. By utilizing sustainable materials such as PCR plastics, recycled pulp from FSC™-certified forests, more active management of substances used in manufacturing processes, and the continued use of renewable energy in production processes, we ensure the products' durability and a commitment to a greener world.

The Cubi NUC Series embodies sustainable value and heightened productivity.

42.9% Post-consumer Recycled (PCR) Plastic

The Cubi NUC mini PC contains 42.9% PCR plastic, reducing plastic waste sent to landfills and contributing to environmental conservation.

Sustainably Sourced Wood Pulp with FSC Certification

FSC-certified cartons are made from sustainably sourced wood pulp, ensuring responsible forest management. This certification guarantees that the materials are renewable and low-carbon, promoting environmental sustainability.

By using FSC-certified cartons, MSI supports sustainable practices and contributes to the preservation of forests for future generations

Renewable Energy - Solar and Wind Power

Since 2021, MSI has installed solar power systems in its facilities and gradually increased the proportion of purchased renewable energy.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. By 2024, it has achieved a carbon reduction of over 70%, with more than 99% of the electricity used in its factories coming from renewable sources. This demonstrates MSI's commitment to achieving net-zero sustainability by 2050.

Mini Yet Powerful

The Cubi NUC is the ideal solution for confined spaces. It confidently handles a myriad of tasks, from basic computing to multimedia streaming and multitasking, leveraging their compact size.

Maximize Space with the Versatile Cubi NUC

The Cubi NUC is perfect for spaces with limited room, featuring a 0.826-liter chassis. It can be mounted behind a monitor, on a wall, or in digital signage, freeing up desk space and creating a tidier workspace.

Tailored for Professional Users

Equipped with up to Intel® Core™ 7 Processor 150U with 10 cores and 12 threads, it provides faster and more reliable performance. It also features 5.40 GHz with Intel Turbo Boost Max Technology 3.0, which allows users to multitask a variety of applications with ease.

DDR5 Dual-Channel Memory

DDR5 memory with dual-channel can enhance work efficiency and quality, processing large amounts of data and complex multitasking quickly and reducing waiting times and delays.

Thunderbolt 4:

A Single Cable to Serve All

Thunderbolt 4 supports power delivery input of up to 100W, making it an excellent choice for both powering and displaying through a single port.

Quadruple Display Support

Supporting up to 4 displays with HDMI™-out and Thunderbolt 4 allows for increased productivity by providing more screen space to manage multiple applications simultaneously.
