

CISCO Meraki MG51 Cellular Gateway configurable

Model: MG51

Manufacturer: CISCO

Product Code: 1053748

R18,314

The Cisco Meraki MG51 gateway redefines connectivity with its blend of features and reliable performance. Designed for versatility, it supports both wired and wireless connections, including 2.5 Gigabit Ethernet and LTE, catering to a wide range of network requirements. Its environmental resilience, with an operational temperature range from -40°C to 50°C and an IP67 rating for dust and water resistance, ensures it performs in any condition.

High-speed Internet access is provided with maximum wireless data rates of 2 Gbps for downloads and 300 Mbps for uploads. The MG51 is not just about speed; it's also about efficiency and reliability, with features like SMS alert, email notification, and auto SIM failover enhancing its manageability. Furthermore, an impressive MTBF of over 1.6 million hours underscores its durability and long-term value. Whether for business or demanding outdoor applications, the Cisco Meraki MG51 offers a comprehensive solution that meets connectivity needs.
