

CISCO Catalyst 9200L 24-port data only 4 x 10G uplinks Meraki Persona

Model: C9200L-24T-4X-M

Manufacturer: CISCO

Product Code: 1053752

R77,957

The Cisco Meraki Catalyst 9200L-24T-4X is designed to deliver performance and reliability in enterprise networking. With a switching capacity of 128 Gbps and a forwarding rate of up to 155 Mpps, this rack-mountable switch meets the demands of modern networking environments. The 24-port 1000Base-T interface, along with 4 uplink SFP+ ports, provides flexibility for various network setups, making it suitable for businesses seeking seamless connectivity.

This device features functionalities such as Quality of Service (QoS) to prioritize traffic, IGMP snooping, and port mirroring for enhanced network monitoring. With a maximum of 4094 VLANs supported, it allows for network segmentation to boost security and efficiency. The Meraki Catalyst 9200L also includes built-in management capabilities via SNMP and HTTP, ensuring easy administration and maintenance, suitable for both small and large scale implementations.
