

## CISCO Catalyst 9200L 48-port data only 4 x 1G uplinks Meraki Persona

Model: C9200L-48T-4G-M

Manufacturer: CISCO

Product Code: 1053754

## R75,885

The Cisco Meraki Catalyst 9200L-48T-4G offers performance and reliability for modern networking needs. Equipped with 48 x 1000Base-T ports and 4 Gigabit SFP uplink ports, it provides switching capacity and fast data forwarding rates of up to 184 Gbps. Designed for ease of management with features like Zero-touch provisioning (ZTP) and remote management protocols such as SNMP and DHCP, this switch ensures administrative efficiency in diverse environments. Its stackable form factor allows for expansion, accommodating up to eight units in a stack, while a host of security features such as multi-factor authentication (MFA) and Role-Based Access Control (RBAC) enhance the protection of network resources.

This model is built to operate in a range of environmental conditions, with an operating temperature between -5°C to 45°C and a storage temperature range of -20°C to 70°C. It includes functionalities like IGMP snooping, Quality of Service (QoS), and Rapid PVST for optimal network performance and traffic management. The durability of this system is backed by a mean time between failures (MTBF) of 508,700 hours, making it a reliable choice for organizations looking to invest in a powerful
