

CISCO Catalyst 9200L 48-port PoE+ 4 x 1G uplinks Meraki Persona

Model: C9200L-48P-4G-M

Manufacturer: CISCO

Product Code: 1053755

R130,078

The Cisco Meraki Catalyst 9200L-48P-4G enhances network capabilities with robust features and flexible management options. It supports up to 48 ports of 10/100/1000Base-T with Power over Ethernet capabilities, providing a PoE budget of 740 W to power devices. With switching capacity reaching 104 Gbps and a stacking bandwidth of 77.38 Mpps, it ensures efficient data handling for demanding applications. Optimized for secure and efficient network management, this model includes features like Quality of Service (QoS) for application performance and various remote management protocols like SNMP and HTTP. Additionally, it supports multiple standards for network reliability and security, including RADIUS authentication and Role-Based Access Control (RBAC). Whether for small businesses or larger enterprises, the Cisco Meraki Catalyst offers performance, manageability, and scalability to meet evolving networking needs.
