

CISCO Catalyst 9200L 48-port data only 4 x 10G uplinks Meraki Persona

Model: C9200L-48T-4X-M

Manufacturer: CISCO

Product Code: 1053757

R107,598

The Cisco Meraki Catalyst 9200L-48T-4X provides performance and reliability for networking environments. With a switching capacity of 176 Gbps and a forwarding rate of up to 190 Mpps, this switch ensures efficient data handling and management for various applications. The device is equipped with 48 ports for 1000Base-T and 4 SFP+ uplink ports, offering flexibility in connectivity options to meet different network demands. With features like Quality of Service (QoS) and IGMP snooping, it optimizes traffic management and enhances network performance. Built for durability, the Catalyst 9200L can operate in conditions with temperatures from -5°C to 45°C, making it suitable for various environments. This model includes a comprehensive set of compliance standards ensuring reliability and safety.
