

CISCO Meraki MS130-48X Cloud Mgd. 40GE + 8x 2.5GE 740W PoE Switch configurable

Model: MS130-48X

Manufacturer: CISCO

EAN: 810087200107

Product Code: 1053767

R157,474

The Cisco Meraki MS130-48X is a high-performance switch designed to meet the needs of modern networks. With a PoE+ budget of 740 W, it can power a wide range of devices, making it a suitable solution for businesses looking to deploy VoIP phones, wireless access points, and other PoE+ devices without the need for additional power supplies. The switch's 200 Gbps switching capacity ensures that it can handle the demands of high-bandwidth applications, providing smooth and efficient data transmission across the network.

Featuring 48 ports, including 40 1000Base-T ports, 8 2.5GBase-T ports, and 4 10GBase-X SFP+ uplink ports, the MS130-48X offers flexible connectivity options for various networking needs. It is cloud managed with Zero-touch provisioning (ZTP), which simplifies deployment and management,
