CISCO Meraki MS130-8P-I Cloud Managed 8GE 120W PoE Switch Internal Power Supply configurable

Model: MS130-8P-I

Manufacturer: CISCO

Product Code: 1053770

R27,765

The Cisco Meraki MS130-8P-I switch is designed to meet the demands of modern businesses, offering a powerful combination of speed, flexibility, and reliability. With a 20 Gbps switching capacity, it ensures efficient data transfer and network management. This switch is equipped with 8 PoE+ ports and 2 SFP ports, providing versatile connectivity options for a wide range of devices. Its fanless design allows for silent operation, making it suitable for any office environment, while its low standby power consumption makes it an eco-friendly choice. Additionally, the MS130-8P-I is built to last, with a high MTBF ensuring reliability and minimal downtime. Cloud management capabilities allow for easy setup, monitoring, and maintenance, simplifying network administration. Whether for a small office or a larger enterprise, the Cisco Meraki MS130-8P-I offers a comprehensive solution that combines performance, convenience, and sustainability.
