on your mobile device.

- 500GB of storage capacity
- Up to 5 hours battery life2
- Up to 25 hours standby time2

Three different HD movies. Three different devices—all at the same time

Everyone in the family can wirelessly access the hundreds of movies you load on the GoFlex Satellite device.

- Stream to almost any Wi-Fi enabled device using a web browser or the free apps optimized for iPad and Android devices

Works with laptops and smartphones too

Stream to almost any device that has Wi-Fi connectivity and a web browser–including laptops, most smartphones and tablets.

Flexibility is built in

The GoFlex Satellite mobile wireless storage device is part of the Seagate® GoFlex® Storage System. This innovative system makes it incredibly easy to upgrade or change the interface on your GoFlex Satellite device, so you can always get optimal transfer speeds when loading and syncing your media.

- Includes USB 3.0 connectivity for fast data transfers (fully compatible with USB 2.0)3
- Other available interfaces include FireWire® 800 and powered eSATA (sold separately)

Load media from both PC and Mac® computers

Simply plug the GoFlex Satellite device into your PC or Mac computer to quickly sync your media library.
