The HP ProDesk 4 G1i is designed to deliver performance in a compact space. It features an ultra small form factor chassis, making it ideal for environments where space is at a premium. The powerful Intel Core Ultra 7 processor, with 20 cores and speeds up to 5.3 GHz, ensures efficient multitasking and smooth operation. Combined with high-speed DDR5 SDRAM and NVMe SSD, this desktop provides quick response times and ample storage capacity for various applications.
This system is equipped with modern connectivity options, including USB-C and multiple USB ports, facilitating easy integration with peripherals. Its integrated high-definition audio and robust graphics support make it suitable for both professional and personal use. The HP ProDesk 4 G1i is also ENERGY STAR certified and EPEAT compliant, reflecting a commitment to energy efficiency and environmental responsibility, making it a choice for any office setup.
